

Dear Supporter of Tax Free Therapy,

Thank you so much for joining with 14,243 others who signed this important House of Commons petition to end an unfair tax on psychotherapy/counselling therapy services.

This barrier to mental health services needs to be removed by the Federal Government amending the Customs and Excise Tax Act immediately.

Your support means everything to us as we continue to push this important issue forward in Ottawa, at the highest levels.

In the meantime, please feel free to visit the website at [www.taxfreetherapy.ca](http://www.taxfreetherapy.ca) to see media coverage, celebrity endorsements, a video of MP Mathysen presenting the petition as soon as possible, and an ongoing tool to allow supporters to email their MP and cc Finance Minister Freeland with just a few clicks.

Our gratitude for your support helps fuel us for the next phase of this journey to remove a blatant tax inequity, end a bureaucratic game of semantics, and bring more access and respect to our profession and the services we offer to all Canadians.

With appreciation,

The National Coalition for Tax Free Therapy.
